

Yu Wang (S'12-M'17) received the B.Eng. degree from Wuhan University, Wuhan China in 2011, and the M.Sc. and Ph.D. degree from Nanyang Technological University, Singapore in 2012 and 2017, respectively. He is currently a research fellow in Rolls-Royce@NTU Corporate Lab, Nanyang Technological University, Singapore. He is leading and participating research/industry projects on microgrids, power systems and energy storage systems. He is an active researcher and reviewer in power and energy area. He has published over 50 peer-reviewed journals and conference proceedings. He was a Visiting Scholar with the University of Strathclyde, United Kingdom in 2017. He is currently the associate editor of *IET Smart Grid* and *Energy Systems, Springer*. His research interests include distributed control and optimization in

power systems, microgrids control and stability.
